

Texas 4-H Club Tool Box

ADULT INVOLVEMENT

Month: September

WHAT ARE THE CLUBS NEEDS?

What are the club needs as it relates to adult volunteer involvement and support? The first club meeting is a great place to communicate what some needs are and to assess what volunteers may be interested in pursuing. Sometimes an orientation or separate meeting for parents can be planned in conjunction with the club meeting to create interest from volunteers. Some of the key groundwork may be laid during the summer months also.

Both parent and adult volunteer involvement are crucial to the success of a 4-H club. A club should look both within it's membership for volunteer support and outside of the club for resource volunteers. The following link can provide preliminary resources in identifying volunteers' needs and interests.
